### Public Service Opportunity

The City of Reno's Building Enterprise Fund Advisory Committee ([BEFAC](#)) is responsible for providing expertise and counsel from the building industry on the policies and management of the enterprise fund and provide

communication between the City of Reno [Community Development](#) Department and the local building industry.

There are currently three vacancies on the Committee and we need more NAIOP voices represented! Your expertise in development and pulling permits is critical as our city staff and elected officials create policy and regulations that directly impact our industry. The Committee meets quarterly at Reno City Hall (or via Zoom lately).

Please click [HERE](#) to submit your application.
