A Few Quick COVID-19 Updates

- Last week, Governor Steve Sisolak announced that \$148 million in federal CARES Act funds will be distributed to the 16 counties and cities outside of Clark County (which received its own funding directly from the federal government). According to [THIS](#) chart, the City of Reno will receive \$47 million, Sparks \$19 million and Washoe County \$20 million. NAIOP Northern Nevada is actively working with our local and state elected officials to determine the best use of these funds, including potential programs for small business tenant relief. Clark County has already implemented three small business relief programs using a portion of its CARES Act funding. Learn more [HERE](#).
 - OSHA has created an [FAQ](#) page with guidance on the utilization of face coverings in the workplace.
